

SUPREME COURT GETS ATTENTION OF STOCK MARKET FOR THE DAY

Foreign Situation Loses Its Dominance Owing to the Rendering of a Decision Effecting D. L. & W.

NEW YORK, June 21.—The street's attention was temporarily diverted from foreign affairs to the supreme court. The most important decision was dealt to the relations of the Delaware, Lackawanna and Western and its subsidiary coal company. The relationship was declared a violation of the law and effect could carriers, not to be ignored, even though not directly discernible to market, such securities. War stocks boomed large in the trading with a new high for Bethlehem Steel of 372 3/4, and Baldwin locomotive, 68 5/8.

Other stocks in this class made substantial gains, while a variety of the less prominent speculative specialties rose from two to five points. Railway stocks in the investment group showed no decided tendency until late when the buying movement comprehended Union Pacific, Reading and Southern Pacific which all advanced a point. Metal issues recovered from the lethargy of the previous week. American Smelting leading with a gain of three points while a few minor shares rose from three to five points. The betterment of copper had as a basis the renewal of domestic demand, coupled with rumors of impending increased dividend payments.

Total sales 412,000 shares. French and Italian exchanges were at their weakest, the demand for francs being quoted at 8.47 and lire, 5.97 1/2. Par value \$2.24, 000.

(By L. J. Overlock)

BOSTON, June 21.—The possibility of getting adverse decision from the Supreme Court caused a dull market today but by 4:15 almost an selling. We look for activity in the copper to revive this week and think nothing can hold them much longer. The price of the metal is high and the demand is genuine and stocks have not sold high to discount present mining. Paine, Webber & Co.

(By Levy Bros.)

Today last decision day in Supreme Court until October.

New British loan expected to be \$2,500,000,000.

Governor of Pennsylvania vetoes bill to appeal extra crew law of that state.

James J. Hill is quoted as saying that there is nothing in sight to show that general business outside of war orders has improved or is improving.

Court signs order permitting international Stamp Pump to sell its Champ Building stock.

United States War Department estimates that it would cost \$800,000,000 to put an army of 5,000,000 in Mexico one year.

Amalgamated of iron, steel and tin workers representing 2,000,000 men, fall in effort to secure increased wages.

Ten months exports including April valued at \$2,325,823,986, compared with \$2,045,774,485 year ago.

SKETCHES OF WARREN

A good crowd witnessed the ball game Sunday, 14 to 3 in favor of the Boosters.

Yesterday was C. & A. and C. & Q. payday, and the Warren cars were crowded.

The County Club grounds were filled up Sunday with golfers and tennis players.

One of the largest crowds seen in many a day was present at the Copper Queen band concert at Vista Park Sunday evening.

Next Saturday night, the 16th, the Warren Fire Department gives their dance at Vista Park. The Calumet and Arizona band will render music for dancing, therefore there will be no concert Sunday evening, the 27th. Ladies and children free; men will be charged 50c. The Warren Ladies Aid will have home made cakes, ice cream and drinks. A large crowd is expected.

A letter was received from Mrs. A. J. Balmforth during the week stating that Mr. Balmforth had been operated on and was doing well. A piece of

"Put your foot down"

Insist on Red Crown—a quicker response and more miles to the dollar

his ship was taken out and inserted in the diseased portion of the spine. Mr. Balmforth will be in the hospital two months and expects to be convalescing for a year.

Bill Gohring's big turtle was taken to the chef at the C. Q. Hotel Saturday. Something doing Tuesday night, turtle soup, etc.

The Phelps Dodge store at Warren has its new ice machine now operating and expects to open the new addition of store room in a few days. Shelving is now all in, a new front was put in and painted, and will make quite an addition to Warren's attractive business places.

Vista Park is looking fine. Thousands of roses now hang over the band stand, making a charming show.

The Fourth of July committee appointed for sports at Warren got busy and have presented the general committee some program for the Fourth. If it all can be filled in to conform with the Bisbee sports. Charles Damsie, president, U. S. Ratterree, Tom Cowperthwaite, C. P. Engelder, O. R. Johnson are members.

One of the finest locations was given the school district for a new school house for Bakerville and Mason Addition. This ground is near Bakerville where they will have sewer connections. The ground will take a whole block and was listed at some fifteen thousand dollars. The Warren Company was the donor.

Pittsburgh advises say that the steel and iron industry continues to improve and the mills are overloaded with orders in nearly all kinds of material.

LEO FRANK GIVEN LIFE BY GOV. SLATON

(Continued from Page 1)

of Mary Phagan was committed to life imprisonment by Governor Slaton, began serving his term in the State prison at Milledgeville, a few hours later, he will be known as "convict No. 965."

Officials secretly took Frank by train and automobile from the Atlanta jail to Milledgeville and soon afterward the governor issued a long statement giving his reasons for commuting his sentence, which was to have been executed tomorrow. Frank was delivered to the state prison at four thirty this morning.

When it became known in Atlanta crowds began to gather on the downtown street corners. Within three hours demonstrations resulted in calling out two-thirds of the police force, and order followed the closing of all saloons, and clubs where liquor could be obtained. About noon a crowd, estimated at 2,500 gathered in the capitol grounds and listened to several speakers. Several arrests were made during the day as the police tried to break up the crowds.

At Marietta, the former home of Mary Phagan, the governor was hailed in effigy. "John Slaton, Georgia's traitor governor," was inscribed on the dummies.

Early in the afternoon a large throng took charge of the hall of the House of Representatives where several speakers said they doubted that Frank had been removed from Atlanta. A committee of five was selected to visit the jail. They reported Frank not there. They Sheriff Mangum, who with deputies took the prisoner to Milledgeville, assured the crowd he had delivered Frank at the prison. The throng which packed the floor and galleries then marched to "Five Points", in the center of the business section, and later went to the scene of a demonstration early in the day, the police took stern measures.

Soon the list of arrests increased to ten. All were charged with failure to "move on". Mounted officers rode in circles in the crowd, and the demonstrators were gradually dispersed. Early tonight the throng on the streets appeared quiet.

The Governor went fully into the details of why he commuted the sentence in his fifteen thousand word statement. He said his decision may

mean that I must live in obscurity the rest of my days but I would rather be plowing in the field than feel the rest of my life, that I had a man's blood on my hands."

Frank did not know, until a few minutes before he started on the ride to Milledgeville that he was to leave his cell last night. His heavy, distinctive eye glasses were removed, and he wore a slouch hat, the few persons at the railway station did not recognize the prisoner. However, his identity became known when the train reached Griffin, and at Macon he was reported very nervous and needing the support of the sheriff who transferred to the automobile.

Notices to building contractors

Bids are desired by the Shattuck Arizona Copper Company for the construction of a one story office building including excavations, foundations and superstructure, complete, with wiring and fixtures, plumbing and heating plant. Plans and specifications can be obtained by application to T. O. McGrath, at the company's General Office on O. K. Street.

All bids to be submitted to L. C. Shattuck, manager, Bisbee, Arizona, on or before July 15, 1915, and may be for the building complete according to the plans and specifications, or separately for plumbing and heating plant, wiring and fixtures, excavations, foundations and superstructure.

The company reserves the right to reject any and all bids.

BETTER ROADS PROMISED COCHISE COUNTY

(Continued from Page 1)

with the county engineer, president and secretary being Charles G. L. Brown, representing the districts indicated: C. H. Dowell, Douglas, McNeal, C. D. Tarbell, Tombstone, Lewis Springs, Fairbank, H. E. Cooper, Garces, Herford, Buena, Palomares, J. J. Brown, Bisbee, Double Adobe, Naco, Charles Moss, St. David, Dragoon, J. W. Angus, Wilcox, Cochise, Cornudas, J. J. Thompson, San Simon, Bowie.

A pleasant feature of the convention, which adjourned to convene at the call of the president, was the cordial invitation extended by G. H. Dowell of Douglas who graciously requested the delegates to meet assemble in the Smelter City where he promised that the most hearty hospitality would be extended. The delegates voted unanimous acceptance and thanks to Delegate Dowell for his invitation. Secretary Gray, in a happy vein, made the motion that the Douglas invitation be accepted, his motion being seconded by President Gardner, president, who explained that, while his action was unparliamentary, he could not resist in concurring in vigorous appreciation of the hospitable invitation of the delegate from the Smelter City.

Secretary Gray will turn the records of the desires of citizens of the various districts over to County Engineer Ryan who will draw up suitable maps, after considering what has been asked by the different districts and what he, himself, deems the necessary trunk lines.

During their stay in Bisbee the delegates were most hospitably entertained, some being invited to lunch at various homes of the district while others viewed the points of interest in auto trips which enabled them to inspect local highway conditions. On every hand were heard cordial expressions of appreciation of the hospitality of Bisbee and the rest of the Warren District.
